The proposed record date for the dividend is 6 May 2015. If the Annual General Meeting resolves in accordance with the proposal, the dividend is expected to be distributed through Euroclear Sweden AB on 11 May 2015.

Resolution on guidelines for remuneration to senior executives (item 15)

The Board of Directors proposes that the AGM passes a resolution on guidelines for remuneration to senior executives according to the following principles:

General

Gränges will offer remuneration levels and employment terms necessary in order to recruit, develop and retain senior executives. These individuals must have the expertise, motivation and capacity to be able to uphold, develop and implement comprehensive, value-creating strategic objectives for the Gränges Group.

Senior executives refers to the Group's Chief Executive Officer and members of the Management Team.

Remuneration to the Management Team is to be determined by the Board of Directors, but must follow the guidelines adopted by the Annual General Meeting. The basic principle is that remuneration is to be competitive and consist of a fixed salary and a variable component in the form of various incentive programmes. Applicable laws and other relevant regulations – both Swedish and in other countries – in the sector should always be observed.

Fixed salary

The fixed salary is to consist of normal basic pay. The salary is based on responsibility, performance, skills and the complexity and scope of the duties.

Variable pay

Variable pay is to consist of an annual short-term incentive programme (STI) and a long-term incentive programme (LTI).

Annual short-term incentive programme (STI 2015).

The outcome of the STI is determined by a number of parameters consisting of financial key ratios for the Group, such as adjusted operating profit and capital employed, and individual pre-determined targets. Remuneration under STI 2015 is not to exceed 60% of basic pay.

Long-term incentive programme (LTI 2015)

Following a resolution at an extraordinary general meeting on 2 September 2014, a long-term share-based incentive programme (LTI 2014) was offered in 2014 to stimulate long-term commitment. The programme consists of a total of one million employee stock options and has a term of two years followed by an exercise period of an additional year. This programme is for the Management Team and certain key individuals. Details on the allotment of stock options to the Management Team can be found in the corporate governance statement.

On condition that the Annual General Meeting passes the resolution, a long-term incentive programme (LTI 2015) will be offered to senior executives and certain key individuals. LTI 2015 will run for three years and is structured as follows: An amount equivalent to the payout from STI 2015 for each participant will be reserved in a special so-called LTI bank. Provided that the participants remain in the employ of Gränges, the payout will be made at the rate of one third per year during the years 2017, 2018 and 2019, adjusted for Gränges' total return. The total

payout from LTI 2015 and STI payable in one year is maximised at 1.5 times an annual salary. A more detailed account of the LTI programme is provided in a proposal prepared specially for the Annual General Meeting.

Both STI 2015 and the proposed LTI 2015 programme will provide cash payouts.

There will be no guaranteed variable remuneration.

Other benefits

Benefits that are not directly related to fixed and variable pay, such as car allowance, should facilitate the execution of duties and be in line with standard practices in the market for this target group.

Pension

Pension benefits are to comply with Swedish laws and relevant collective agreements, and be limited to ITP plans (supplementary pension for salaried employees in industry and commerce). Gränges thus has both defined contribution and defined benefit commitments based on individual circumstances. Pension terms are to be in line with market norms. The retirement age for the CEO is 65. The retirement age for other senior executives is 60–65, depending on in which country they are employed.

Period of notice of termination

The contract between the company and Chief Executive Officer stipulates a mutual 12-month period of notice. Additionally, in the case of termination by the company, severance pay is payable without deduction for an additional twelve months. The contracts between the company and other senior executives stipulate a mutual six-month period of notice. Additionally, in case of termination by the company, severance pay is payable of an additional 12 months, without deduction for the first six months.

Information on remuneration decided on previously and not yet due for payment

In connection with the IPO, Gränges introduced a long-term share-based incentive programme (LTI 2014) decided on previously for senior executives and other key individuals in the company. LTI 2014 is described above. More information on this programme is available at www.granges.com and in the company's 2014 corporate governance statement.

Other information

If a Board member performs other duties on behalf of the company in addition to work on the Board, a consulting fee and other compensation are payable for such work.

The Board of Directors may deviate from these guidelines if in an individual case there are special reasons for doing so. Deviation from the guidelines based on special reasons is limited.

Resolution on a long-term incentive programme (item 16)

The Board of Directors proposes that the AGM passes a resolution on a long-term incentive programme (LTI 2015) for the Management Team and certain key individuals to supplement the annual short-term incentive programme (STI 2015) according to the following main principles:

- STI 2015 measures adjusted operating profit (50%), improvement of capital employed (25%) and individual performance (25%), for a maximum payout of 60% of annual basic pay.
- LTI 2015 where a payout equivalent to the amount for STI 2015 is allocated, is indexed to Gränges' total return and paid out proportionately on an annual basis over a period of three years (vesting periods) provided that the individual remains in Gränges' employ.

Purpose of Gränges LTI 2015

The purpose of Gränges LTI 2015 is to provide remuneration in line with market norms and at the same time stimulate a long-term commitment to Gränges by linking the participants' remuneration to the interests of the shareholders by indexing to Gränges' total return. LTI 2015 is also expected to help Gränges retain and recruit key individuals.

The role of Gränges' Board of Directors in LTI 2015

Gränges' Board of Directors is authorised to interpret LTI 2015, including but not limited to:

- Deciding on the participants in LTI 2015
- Deciding on the participants' payout from LTI 2015, including determining the development of the total return during the vesting period.
- Adjusting the terms and conditions for LTI 2015 to comply with laws, regulations etc.
- Adjusting the payout for LTI 2015 in the event significant changes take place affecting the Gränges Group or its business environment, resulting in a situation where the terms of LTI 2015 are deemed inappropriate.

Participation in LTI 2015

- Payments within the framework of LTI 2015 will only be made to participants who remain in the Gränges Group's employ, provided that no local laws or regulations exist entitling participants to LTI payouts. Deviations from this principle (so-called "good leaver" agreements) must be approved by Gränges' Board.

Administration, payout and payments

Indexing of the total return in LTI 2015 is calculated as follows:

- Starting point: The average closing price for the Gränges share on NASDAQ Stockholm during the ten trading days after the publication date for the 2015 year-end release.
- Dividends: Dividends during the respective vesting periods will increase the percentage value of LTI 2015, where the percentage is calculated as the dividend in SEK divided by the closing price on the dividend date (the Thomson method).

- Ending points: The average closing price for the Gränges share on NASDAQ Stockholm during the ten trading days after the publication dates for the year-end releases for the years 2016, 2017 and 2018.

Payouts take place from LTI 2015 in connection with payouts from STI, provided written approval has been received from Gränges' Board of Directors. The total payout from STI and paying LTI programmes may not exceed 150% of annual basic pay as of the date of the payout. The maximum total payout from LTI 2015 is SEK 7 million.

Gränges' Annual General Meeting is to decide on new long-term incentive programmes every year.

Resolution on issue authorisation (item 17)

The Board of Directors proposes that the AGM passes a resolution on issue authorisation according to the following main terms:

The Board of Directors is to be authorised to, on one or more occasions until the next AGM, issue new shares and/or convertible bonds as follows:

The issue must be able to take place without deviating from the preferential rights of the shareholders. Through authorised decisions, a total maximum number of shares may be issued in a new share issue and/or through the conversion of convertible bonds equivalent to 10% of the total number of outstanding shares in the company on the date of the AGM's authorisation resolution (this does not prevent convertibles being associated with conversion terms which, if applied, may result in a different number of shares).

This authorisation is to include the right to issue shares for cash payment, payment by an in-kind capital contribution or payment through offsetting, and otherwise in compliance with the terms in Chapter 2 Section 5, second paragraph 1–3 and 5 of the Swedish Companies Act.

Cash or offset issues deviating from shareholders' preferential rights must take place on market terms.

The reason for the proposal and the possibility of deviating from the shareholders' preferential rights is to allow for flexibility in connection with any acquisitions or capital procurements.

The Board of Directors, or a party designated by the Board, has the right to decide on minor changes to the AGM's resolution that may be necessary in connection with registration of the resolution with the Swedish Companies Registration Office or due to other formal requirements.

SPECIAL MAJORITY REQUIREMENT

For a decision according to item 17 on issue authorisation to be valid, the proposal must be agreed to by shareholders representing at least two thirds of both the votes cast and the shares represented at the AGM.

DOCUMENTS

Copies of the Board's and the Nomination Committee's full proposals, including the Board's and the auditor's statements, as well as accounting documents and the audit report for 2014 will be available from the company directly and on the company's website, www.granges.com, no later than 13 April 2015 and will be immediately dispatched at no cost for the recipient to the shareholders who request them and provide their postal address. The documents will also be available at the Annual General Meeting.

NUMBER OF SHARES AND VOTES

The total number of shares in the company as of the issue date for the notice of the meeting is 74,639,386 shares, which is equivalent to 74,639,386 votes. As of the same date, the company is holding no shares in treasury.

INFORMATION AT THE ANNUAL GENERAL MEETING

The Board of Directors and the Chief Executive Officer may, at the request of any of the shareholders and if the Board deems it possible without causing material harm to the company, provide information at the AGM on circumstances that may impact the assessment of an item on the agenda, circumstances that may impact the assessment of the company's or the parent company's financial situation, the consolidated financial statements and the company's relationship with other Group companies. Shareholders wishing to submit questions in advance may do so to the company's General Counsel, Niclas Nelson at the above address.
